

P-TA District 8 Holds Workshop

The District 8 Texas Congress of Parents and Teachers will hold a workshop on Youth Development at Stephen F. Austin Junior High School in Amarillo Thursday.

Mrs. W. E. Miller is president of the district, and Dr. Joseph Findley of West Texas State is chairman of the workshop. The meeting begins with registration at 9:30 a. m.

Featured at the morning session will be two films, "Sociable Sixes to Noisy Nines," and "Farewell to Childhood." Discussion leaders at the showing of these films will be Dr. Ruth Lowes and Mrs. Mary Sligar, both of West Texas State. At the luncheon in the Stephen F. Austin cafeteria, the Bel Canto Choir of Amarillo High School will present a program under the direction of their conductor, Cecil Green.

The afternoon session will be devoted to a panel discussion of "Youth's Bill of Rights." Moderator of the discussion will be Dr. John McFarland, Amarillo superintendent of schools. Members of the panel will be the following students, Robert Forrester of Amarillo High School, Virginia Smith of Palo Duro High School, Mary Mike Oles of Sam Houston Junior High, Judy Kendrick of Stephen F. Austin, Sharon Teague of Lamar School and David Robertson of Olsen Park.

Three adults who will be on the panel are Margaret Haley, counselor, R. B. Johnson, teacher, and C. C. Szalkowski, parent.

The meeting will be concluded with a talk by Dr. Findley entitled "Take Home Pay."

The public is invited to the workshop.

Book Club Donates To Christmas Fund

A total of \$153 has been deposited in the Christmas Card Fund by the Junior Woman's Book Club for the establishment of a community center.

The money is the proceeds from a home tour sponsored last week, and more is expected to be turned in at the meeting of the club Friday. Included in the amount are donations from persons.

Canyon Garden Club To Meet Thursday

The Canyon Garden Club will meet in the home of Mrs. W. E. Parker Thursday night. Levi Cole will be in charge of the program.

RANDALL COUNTY PRISONER DIES IN AMARILLO HOSPITAL

A man injured in an automobile wreck Saturday night at the traffic interchange under construction north of Canyon died in Northwest Texas Hospital Sunday evening after spending Saturday night in Randall County Jail.

Funeral services for Marion Sweat, 46, of El Reno, Okla., will be conducted in Amherst. Arrangements here were under the direction of Warren-LaGrone Funeral Chapel.

Sweat, 46, was injured when his car overturned after it failed to make the curve around the construction area. H. C. Hicks, 55, of Tulsa was a passenger in the car and was treated for bruises at

Neblett Hospital. Following the accident, Sweat was treated at the hospital and released to officers. He was lodged in the jail. Sunday afternoon, Sweat was found unconscious in his cell and was moved to Northwest Texas Hospital at the suggestion of Neblett Hospital for specialist treatment.

In Amarillo he underwent surgery on his head, and died at 9:50 p. m.

Survivors include a sister, Mrs. Gertie Mae McIntire, El Reno, Okla.; two brothers, Jim Pugh, Amherst, and Edgar Pugh, Littlefield; and a grandmother, Mrs. Mollie Stevens, El Reno.

Demo Women's Day Coffee Honors Former State Secretary Saturday

Plans for a Democratic Women's Day coffee in the Herring Hotel Saturday have been announced by Mrs. Lee Foster, Randall County Democratic Women's Day chairman, and Mrs. A. D. Nance, Potter County chairman.

Mrs. Foster was appointed by Randall County Democratic Chairman Jack Taylor and Mrs. Nance was appointed by Carl Hill of Potter County.

The coffee will be in honor of Mrs. Jane Y. McCallum, who died Aug. 14 at the age of 79. A leading Democratic woman, Mrs. McCallum was Secretary of State under Gov. Dan Moody in 1927 and remained in the office throughout

the term of the succeeding governor, Ross Sterling.

Mrs. McCallum was active in the search for and restoring of the original Texas Declaration of Independence.

The coffee is slated to begin at 10 a. m. and last until noon in the Junior Ballroom of the hotel. All Democratic women from both Randall and Potter Counties are invited, as well as from any other county in the Panhandle.

Mrs. Foster extended a special invitation to Democratic women in Canyon to attend the coffee and become better acquainted with party members in Amarillo.

Concert Association Drives for Members

An intensive drive for memberships in the Canyon Community Concert Association began Tuesday morning following a kick-off dinner Monday night in the West Texas State cafeteria.

Workers for the campaign will attend a checkup meeting between 4:30 and 5:30 this afternoon, and will complete the drive Saturday afternoon. Artists, in addition to the one attraction already booked, will be selected by the association board of directors as soon as the drive is completed.

Headquarters for the campaign

is the Ex-Student office in the WT Student Union building, and the telephone number is OL 5-2157. The checkup meeting will be in that office. Buff Morris is campaign chairman and Mrs. H. R. Fulton Jr. is association president.

The association works in this manner. A membership campaign is conducted for one week in the fall. When the campaign is finished, the board of directors knows how much money is available for the artists, and makes its selection from those who are in the right price range and will be available

during the year.

Dues for the season are \$6 for adults and \$3 for students. Students are considered those who are enrolled in either public schools or college, regardless of age.

It is expected that three, and possibly four, attractions will be booked for the season. The board tries to schedule the concerts so they will not conflict with previously scheduled events.

Already picked for this year is Marina Svetlova and her dance group. Svetlova, former prima ballerina of the Metropolitan Op-

era, is accompanied by a leading male dancer, a Spanish dancer and a concert pianist. At present she is on tour in Switzerland, France, Italy and Spain, and will return to the United States this fall.

Admission to the concerts is by membership only, and individual tickets to performances are not sold.

Campaign workers will canvass the area during the week in an attempt to reach all music lovers, but those who might be missed are asked to contact the campaign headquarters for memberships.

The Canyon association has reciprocal agreements with Clovis, Plainview and Tucumcari, and members may attend concerts in these cities without extra charge.

This will be the third season for the Canyon association. Artists who have already performed here include Igor Gorin, Marorie MacKay, Leonard Pennario, Camilla Wicks, The Teltschiks, Frances Archer and Beverly Gile, and the Paganini Quartet.

John Wheelock will be campaign chairman for Canyon High School and junior high.

Number 27

City Denies Gas Rate Increase

A request for a rate increase by Pioneer Natural Gas Company was denied and a change in the Southwestern Bell Telephone rate ordinance was approved by the Canyon City Commission Monday night.

The commission okayed a change in the telephone ordinance to allow a 10-cent charge for coin-operated telephones here instead of the present five-cent charge.

In addition, the commission allowed the deletion of a list of charges made by the telephone company for miscellaneous services and approved a request that the company not be required to offer four-party service to future customers.

Bill Leavey, local manager for the telephone company, told the commission that the list of charges to be made for miscellaneous items of service does not allow the company to charge lower prices and meet competition. He said that the services include the installation of an extension phone at the time of installation of the original phone, spiral cords, shoulder rests and other items.

Leavey asked that the list be deleted from the ordinance so that the company could meet competition. The request was approved.

In asking that the company not be required to offer four-party service to future customers, Leavey said that future dial practices will not allow four-party lines, and that Canyon now has 18 customers on four-party lines—only one line of which is inside the city limits.

Leavey said most of the four-party lines are to the Palo Duro Club. In any event, Leavey said the company will not require those on four-party lines to take another class of service, but will not offer the service to any customer who applies for a telephone at a future date.

The request for a rate increase from Pioneer Natural Gas was to raise the minimum monthly charge from \$1.25 to \$1.50 for 2000 cubic feet.

In turning down the request, the

city commission said that they were not favorably disposed to any rate increase for the gas company until rates charged customers in Amarillo are brought in line with rates charged here.

The gas company had requested that the new minimum charge be made effective on Dec. 1, 1957.

The present rates charged in Canyon were adopted on July 2, 1951. They are:

First 2000 cubic feet, 62.5c per thousand. (Minimum monthly bill, \$1.25.)
Next 8000 cu. ft. at 55c per thousand

Next 40,000 cu. ft. at 50c per thousand
Next 50,000 cu. ft. at 45c per thousand

Next 200,000 cu. ft. at 35c per thousand
Next 200,000 cu. ft. at 30c per thousand

All over 500,000 cu. ft. at 25c per thousand.

The rate schedule in effect in Amarillo was adopted in December, 1956. It is:

Monthly minimum of 3,000 cubic feet for \$1.50.
Next 47,000 cu. ft. at 27c per thousand

Next 150,000 cu. ft. at 23c per thousand
Next 300,000 cu. ft. at 19c per thousand

All over 500,000 cu. ft. at 16c per thousand.

Under the rate schedules in effect, a gas customer in Canyon who uses 12,000 cubic feet of gas during a month would be charged \$8.15, while the Amarillo customer who uses the same amount would be charged \$3.93.

In other business, the commission okayed an increase from 50 cents to \$1 for certified copies of birth and death certificates.

The commission also decided to send Water Superintendent Glenn Sparkman to the annual meeting of the American Waterworks Association in Oklahoma City from Oct. 13 to 16 and to send Wayne Price to a Texas Engineering Extension Water Works school in Amarillo from Oct. 8 to 18. The school will meet at night.

They approved two applications for permission to keep animals inside the city limits from J. C. Newton, in block 4, Bomar addition, and John W. Rowles, 304 3rd St.

The commission ordered City Secretary Andrew Boggs to notify Southwestern Public Service Company that a contract whereby the city uses a water well belonging to the company in exchange for 500,000 gallons of water per month would be cancelled. Boggs said the contract was made in 1939 and was to be renewed at 10-year intervals. It had not been renewed, and the city has not used the well for several years but had continued to provide the free water.

Open Well Bids Thursday Morning

Bids for drilling and equipping three city wells on the Mack Forrester land west of Canyon will be accepted at 10 a. m. Thursday by the Canyon city commission.

The bids will include drilling and making the wells ready for use in the city's water system.

Roberts Services Held Tuesday

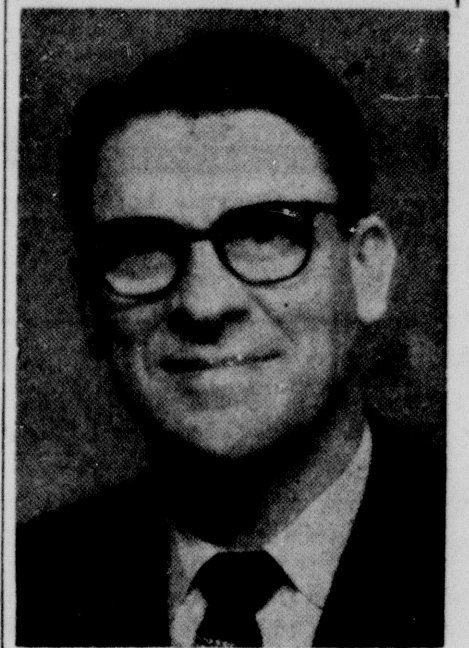

Rites to the memory of Roy Carol Roberts were conducted Tuesday afternoon at Warren-LaGrone Funeral Chapel by the Rev. Strauss Atkinson, pastor of the First Baptist Church, assisted by the Rev. Nolan Rucker, pastor of Sanborn Baptist Church, Amarillo. Pallbearers were Homer Kinsey, Quentin Gill, T. J. Bonds, Bob Roberts, Mitt Fox and Ray Fullerton. Burial was in Dreamland Cemetery.

Mr. Roberts, 62, died Sunday morning in Northwest Texas Hospital. He was born Oct. 25, 1895, and had been a farmer near Happy for 30 years.

He was a Baptist and a member of the Masonic Lodge. Mr. Roberts was a veteran of World War I.

Survivors include his wife, Mrs. Estelle Roberts; two daughters, Mrs. Charles Thornton, Lovington, N. M., and Mrs. Harlace Nelson, Amarillo; three sons, O. J. Roberts, Dumas, Billy Roberts, Amarillo, and Bobby Roberts, Twenty-Nine Palms, Calif.; five brothers, W. B. Roberts, Kansas City, Louis and Ted Roberts, both of Mangum, Okla., E. W. Roberts, Amarillo; and Rush Roberts, Altus, Okla.; two sisters, Mrs. Eunice Perryman, Amarillo, and Mrs. Eola Wheeler, Mangum; and seven grandchildren.

Visitor

MORRIS HIGLEY

Rotary To Host District Chief

Canyon Rotarians will be hosts Tuesday to Morris Higley of Childress, governor of the 573rd district of Rotary International.

Higley is making the annual official visits to the 43 clubs in West Texas, and he will address the Canyon club at its noon luncheon Tuesday.

The governor will confer with Raymond Raillard, president, and Paul Summers, secretary, of the Canyon club, and with various committee chairmen in a special meeting Monday at 7:30 p. m. in the Panhandle-Plains Historical Museum.

Higley will also be honored during a coffee hour Tuesday morning at 10 in the Green Room of the West Texas State cafeteria. Mrs. Higley will be honored at a coffee for Rotarians at the Raillard home Tuesday morning.

Higley is president and publisher of the Childress Index, a position he has held nearly a quarter of a century. He is a past president of the Childress Club, in which he holds a 22-year perfect attendance record.

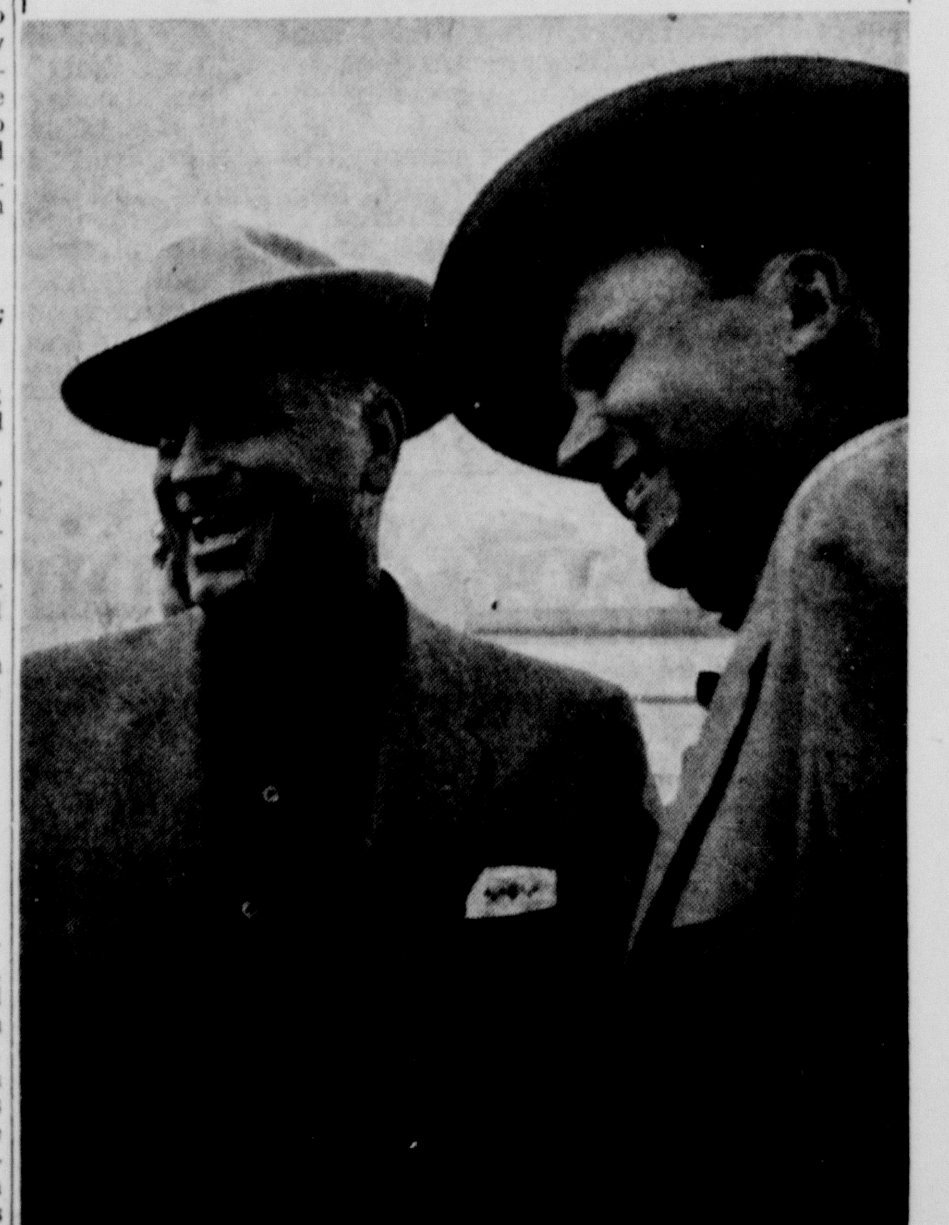

A native of Kansas, the district governor went to Amarillo in 1930, and was in the editorial department of the Globe-News Publishing Company before going to Childress. Besides serving as president of the Childress Rotary Club, he served as general chairman of the district conference held there in 1954 and was golden anniversary chairman in 1955.

Higley is a director of the Childress Chamber of Commerce and has served three times as president of the Board of City Development. At present he is a director of the Panhandle Auto Club in Amarillo and a director of the Estate Life Insurance Company of Amarillo.

In 1952, he was named Childress' outstanding citizen. He was elected district governor of Rotary International in June at Lucerne, Switzerland, and was one of the few 249 district governors of the world to appear on the program at Lucerne while still a governor-nominee.

"More countries are represented in Rotary than there are in the United Nations, and all have the same general objectives of the Canyon Club," said President Raillard, announcing the Tuesday meeting.

Hat for Opponent

Mississippi Southern Coach Pie Vann, left, was greeted with a Stetson hat when he got off the plane last Friday before playing the West Texas Buffaloes. The hat was presented by A. W. Lair on behalf of the Buffalo Touchdown Club.

By VERN SANFORD
Texas Press Association

How much will Texas' drought-shocked farm economy be able to come back, thanks to 1957 rains? U. S. Bureau of Crop Estimates says Texas' 1957 cash income, from all farm and ranch products, may be as much as \$200,000,000 higher than last year.

Actual statistics now in are not so rosy. Reports from the University of Texas Bureau of Business Research show cash income, as of July, down 13 per cent from July of last year. Farm income for July is 70 per cent of the 1947-49 average.

"Farm income" says a BBR analyst, "is still the most depressed sector of the Texas economy, although rising prices and a better outlook for crops give some ground for optimism."

Some attribute the poor cash showing in reports thus far to lateness of crops in areas where continued spring rains delayed planting.

Whatever final statistics show, most farmers and farm observers seem to regard 1957 as the beginning of better things. It rained. And though the rains may have washed out cotton, rotted melons and mildewed grain, it "put a season in the ground."

Little Rock Repercussions
News from Little Rock, Ark., brought expressions of concern and disapproval from the Texas Capitol.

Gov. Price Daniel, on hearing the President had sent in federal troops to enforce school integration, fired off a telegram to the White House. Such action, said Daniel, was "reminiscent of the tactics of Reconstruction Days."

"Does this mean you will occupy with troops every nonintegrated school in the South?" the Governor asked. "If so, your action will destroy the public school systems and good will among the races which most of us in the South have labored so hard to preserve."

U. S. Sen. Lyndon B. Johnson, who was in the State Capitol at the time, for a Democratic women's gathering, said he was "con-

cerned and disturbed."
"I think there should be no troops from either side patrolling our school campuses," said Johnson.

New Laws Suggested

Spectators of the ICT investigations are no longer interested in what BenJack Cage did or didn't do. Or in what he says or doesn't say. They are more interested in the effect the ICT matter will have on future insurance regulations.

Cage answered a few general questions for the Senate investigating committee. But he refused to answer 90 others on grounds of possible self incrimination.

However, officials of the State Insurance Department spoke to the committee specifically and without hesitation. Commissioner William A. Harrison suggested need for possible legislation in four areas:

1. Board authority to determine the competence of management and to pass on management contracts. (Jack Cage Co. had a management contract with ICT.)

2. More board control over financial record keeping by companies.

3. Change in the minimum capital requirements for organizing a company (presumably to require more capital.)

4. Changes in insurance investment restrictions.

Flu Furore Fades

After the shock of the first flare-up, most Texans seemed resigned to living with the Asian flu threat for awhile.

Although cases tripled (to 9,151) in a week, health officials in some areas reported a decline. Some said they felt they were "over the hump."

Shoemaker's Policy Dropped

An Austin district judge has ordered the state receiver to stop paying premiums on A. B. Shoemaker's giant insurance policy. Value of the gradually diminishing policy was down to \$719,000.

At one time the policy would have been worth \$1,000,000 on Shoemaker's death. Money would have been added to the assets of the bankrupt US Trust and Guaranty Co.

Shoemaker attempted to kill himself after his company collapsed. His death seemed eminent, and the \$20,000-a-year premiums were kept paid. Now, doctors say Shoemaker may live another 15 years.

Tug O' Water

Water contests are back in the

news.

City of San Antonio has been trying for more than three years to get permission to take 100,000 acre feet of water annually from Canyon Dam to be built near New Braunfels. Guadalupe-Blanco River Authority opposed the request, and last July the State Water Board turned down San Antonio's application.

San Antonio has now filed suit in an Austin court to get the board's decision nullified.

Fort Worth had better luck with the Water Board. It gained permission to take 385,000 acre feet a year from tributaries of the Trinity. Enough, presumably, to care for the city's needs until the year 2000.

But there were protests, both from within and without Fort Worth. Board said permit is a new type which will protect the supply of downstream users.

School Panel

House Speaker Waggoner Carr added three more to the committee which is to study means for handling Texas' growing school population. They are Mrs. Will Miller of Corsicana, Nat Williams of Lubbock and Stone Wells of Houston.

Appointment of six persons by Governor Daniel will complete the 24-member committee.

School Bus Law

There still are people who don't observe Texas school bus law, say state officials. Seven were killed in school bus collisions last year.

Wide publicity on the provisions of the law are urged by Education, Highway and Safety Department officials. Basically, the laws say:

1. A driver meeting or overtaking a school bus that has stopped to load or discharge passengers must stop immediately. He may then proceed cautiously at not more than 10 miles per hour.

2. Law does not apply in city limits or on a divided highway where the bus is on a different roadway from the other vehicle.

SHOULDN'T WONDER

"Do you believe in metempsychosis — transmigration of souls, you know?"

"I'm half inclined to credit the idea. I read the other day that there are birds in Africa with bills a yard long."

"Well?"

"It started me wondering if those birds are not the spirits of departed plumbers."

ROTC Grads Can Defer Service

A new policy, allowing Reserve Officers' Training Corps graduates to defer entering active service to continue graduate studies in college, has been announced by the Department of the Army.

Lt. Col. Edward L. Lindsey, professor of military science and tactics at West Texas State College, said that a number of WT students had inquired about the policy.

Men who wish to continue graduate study may apply for a delay not to exceed three years, before reporting for active duty. The policy had formerly applied only to students taking graduate studies in technical research and scientific activities.

Help Keep Canyon Clean!

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: EMMETT SIZEMORE, Defendant. Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 4th day of November A. D. 1957, to Plaintiff's Petition filed in said court, on the 18th day of September A. D. 1957, in this cause, numbered 3417 on the docket of said court and styled CHRISTINE SIZEMORE, Plaintiff, vs. EMMETT SIZEMORE, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: suit for divorce, based on grounds of cruel treatment, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this 18th day of September A. D. 1957.

Attest: MAVIS HILL, Clerk
47th District Court
Randall County, Texas

(SEAL) 2514

Stand Up, for Once

From a Patrick Henry who asserted his beliefs in a public speech and a John Hancock who signed his name with a flourish to the Declaration of Independence, we've dropped to a nation of people who prefer to remain silent if we cannot be anonymous. Is it because we are afraid? Is it that we don't have the courage of our convictions? Or maybe the trouble is we don't have many convictions.

An editor of a newspaper in Pennsylvania thinks that we have become fearful. As a test, he sampled around 2000 individuals for expressions of opinion and found only a handful who would talk. He said he had no trouble getting them to talk about the weather or sports, but they wouldn't give an opinion about national or international affairs.

When federal troops took over in Little Rock, the Amarillo paper called around and got some opinions in Amarillo about the affair, but most of those quoted actually had little to say. The reader had the feeling that those being quoted weren't revealing their thoughts.

We find timidity about standing up for our convictions all around us. Most of the governing boards of cities, counties and schools in this area don't take votes on subjects with any controversy. For the most part, the members will talk around the subject and put off action until a later date, when no one is around to see how each feels.

As a good, close instance of habit, the Canyon school board has a policy that says the board will hear any patron who wishes to present a problem, but reserves the right to go into executive session when all have been heard, and to announce the board's decision later.

In more than two years of covering the deliberations of the county commissioners court, we can remember only one instance of a vote being taken—when the

court decided to ask State Sen. Grady Hazlewood to take Randall County out of the bill setting up the proposed bi-county hospital district.

When we approach people on subjects that might have the slightest tinge of trouble, and ask them for an opinion, their statement (if we get one) is prefaced with "don't quote me, but . . ." Occasionally people come before some of our governing bodies and start off with "Don't put this in the paper." (More often than not, the business would not have been included in the paper anyway because it was of such a trivial nature, but that statement sort of waves a red flag in front of a reporter and it generally gets into the paper.)

Our ministers tell us all to bear witness of our faith, but most of us don't. A pious man stands out, and many of us are afraid to stand out from the crowd in any manner. There are probably more exceptions to this, however, than to any other stand.

This disease of fearing to speak out infects us, also. Often we see things which should be pointed out and discussed, but we know it would be unpopular and keep silent. With most people that can be called fear, but with us it should be called a lack of guts, and we know it.

The Shamrock Texan believes that too many of us follow the crowd and conform, even though the progress of the world has come from men and women who refused to conform when they thought the crowd or the majority was wrong.

"Moreover, the tendency of too many of us is to belittle things we don't understand, dislike those with whom we disagree and to close our minds to learning after we have reached a certain age in life," the Texan's editorial writer says.

What can be done to take the fear away from us? We believe that the fear comes because we aren't convinced. Most of us don't bother to inform ourselves of what goes on, to think it over and decide where we stand. And if we do gain an opinion, we refuse to listen to any other opinion or take the opportunity to defend our opinion (the quickest way to find out if an opinion has a sound base).

We think that our trouble is that we as a people have very few convictions, and have courage for even fewer.

—Pay Your Poll Tax Now—

Shot Time

Between 1500 and 2000 people who live around here are due to get a third Salk Polio shot pretty soon.

You'll remember that last spring a great bunch of us got our first and second shots through a program sponsored by Home Demonstration club women and the local doctors. On the first shot day in March, there were more than 1600 who had shots. The second shot day was in May, and there were more than 2000 that time.

And this month is the time for the third shot for those who had the first and second in March and May. The third shots will not be given in a mass inoculation period as the other two were.

Mrs. Mona Hildreth, Home Demonstration agent, told us that it will be up to the individual to make arrangements with his family doctor for the third shot. The protection afforded from two Salk shots is not so permanent as it is when a third shot is given, and all of us who had our two last spring need to get our third during October.

Hold Your Breath

There's no telling what they might come up with during this session, and the only way we can find out is to wait and hope. You see, the United States Supreme Court opened a new term Monday.

During recent terms of the court, the justices have reversed themselves, turned convicted Communists loose, invalidated laws of Congress by interpreting what Congress meant when it passed the measures, and have thrown the old, orderly rule of precedent to the winds when they felt like it.

The court has been condemned by Congressmen and Senators, state supreme court justices, state attorney generals, newspapers, magazines and people in general. Lawyers, who seldom speak against courts, have made speeches against the actions of the Supreme Court.

Known to be coming up in this term of court is a test of Virginia's state policy of assigning students to schools through a three-man board, an appeal of John Kasper from a one-year sentence of contempt of court from Clinton, Tenn., and an appeal by four Negroes in Houston who say their union discriminated against them.

Other cases known to be coming before the court are some concerning persons convicted of subversive activities.

There's no telling what the court might do this term. Just hold your breath—on second thought, you'd better keep breathing, you might need the oxygen.

What Our Neighbors Say . . .

Scissor Snippings

Ben Ezzell in the Canadian Record: (In observance of National Newspaper Week, Ezzell quoted the following Essay About Editors.)

If the editor makes mistakes, some folks say he ought to be hung . . . but if a doctor makes mistakes, he buries them and people dissent say nothing because doctors can read Latin. When the editor makes mistakes there are lawsuits and swearings and a big fuss, but if a doctor makes one there is a funeral, cut flowers and perfect silence.

A doctor can use a word a yard long without him or anyone else knowing what it means, but if the editor uses one he has to spell it.

If the doctor goes to see another man's wife, he charges the man for the visit . . . but if the editor should go, he'd get a charge of buckshot. Any college can make a doctor to order, but an editor

has to be born . . . and the doctor gets the first lick at him.

☆☆☆

Bascom Nelson in the Castro County News (Dimmitt): Sergeant Ryan, the Air Force Recruiter for this area, told us Thursday that Dimmitt and Castro County was the hardest place in the area to recruit airmen.

This shouldn't be so. We spent several years in the Army and are firmly convinced the Air Force must be a much better place to live. All of our young volunteers from this area go to the army or navy for some reason or the other.

We're not trying to give Ryan a plug, but if any of you know a young man about to voluntarily join the army it might do some good to give him a pitch about the Air Force. It's bound to be better than the Army.

Cecil O. Waggoner in the Claude News: It was interesting to me to read the following phrases in a letter from a fine politician. In fact, after reading the phrases you will realize why he is a fine politician. He wrote, among other things, and in answer to questions I asked:

"It is a subject to which I am giving close study and about which I am conferring constantly with my colleagues." and "I will endeavor to make any worthwhile contribution I can toward helping to solve the problem involved."

T. A. BLACK

Remember, when we were kids, how we were always saying "Let's trade places?"

Can't remember now why this was so much fun. But in cars, at church, on the train, or at a football game, place-trading was the subject of much argument and bartering among teen-aged friends.

Last week we saw trading places in a new light. For several years we've entertained with a certain friend, always at our home. It was pleasant and we had the satisfaction of knowing we did more than our share. Now she has a new home and wanted to carry the brunt of the work. This seemed so easy — no house to clean, no yard to cut and trim, no linens to press. Just the salads and rolls to make, the coffee and pickles to buy, a few dishes and tables to gather up and take to the other house. Nothing to it, or so at first it seemed.

But there was the worry about how much of the work she had to do that we simply couldn't share. There was the question of what time was best to go by or

Westside HD Club Has Two Meetings

Mrs. Lewis Harvey was hostess to the Westside Home Demonstration Club Sept. 18. Mrs. Mona Hildreth discussed Lighting in the Home. She demonstrated the different types of lights and their purposes.

During the business meeting, club committees gave their yearly reports.

Refreshments were served to 11 members and Mrs. Hildreth. Mrs. Ray Metcalf was hostess to the group on Oct. 2. Mrs. Charles Conatser gave a report on Civil Defense. She attended the meeting in Houston recently. Theme of the meeting was "Alert Today, Alive Tomorrow."

Mrs. Metcalf, president, announced that the third polo shots were due this month. Mrs. Lewis Tuck was elected delegate to the community center project.

Refreshments were served to three visitors and 19 members. The next meeting will be with Mrs. Mattie Bourn on Oct. 16.

telephone without interrupting her rest or work. When we thought of a better way to arrange the tables, we didn't feel like saying so in her house. We worried about possible food stains on her new rugs.

The little extras we had always taken for granted when they came out of our own housekeeping time and budget seemed an imposition when we were on the outside looking in.

Maybe adults should play the game of trading places often. It would help human relations no end if we could all know first-hand that the grass isn't always greener in the other fellow's yard.

JUVENILE LOGIC

"I want you to understand," said the teacher, "that it is the law of gravity that keeps us on this earth."

"How did we stick on before the law was passed?"

Recent Bride

MRS. EDWARD RAY WELLS

Sandra Sue Curtis, Edward Wells Pledge Nuptial Vows Recently

Sandra Sue Curtis, daughter of Mr. and Mrs. H. F. Curtis of Amarillo, became the bride of Edward Ray Wells, son of Mr. and Mrs. Ray C. Wells, 1101 Fifth Avenue, recently. The double-ring ceremony was read by Dr. Strauss Atkinson in the First Baptist Church.

Baskets of bronze chrysanthemums and candelabra decorated the altar. Organist, Mrs. R. C. Burnett, played traditional nuptial selections and Bill Knighton sang "Because" and "I Love You Truly."

Jane Burnett attended the bride as maid-of-honor, and bridesmaids were Janis Wright and Mrs. Jack Spray. They wore identical dresses of gold crystalline over taffeta, styled with fitted bodices and full skirts, and carried nosegays of bronze chrysanthemums.

Best man was James Ray Hacker, and groomsmen were Robert G. Curtis, brother of the bride, and David Hawkins. Serving as ushers were Harold F. Curtis, brother of the bride, and J. G. Wells, brother of the bridegroom. Mr. Curtis gave his daughter in

marriage. For her wedding, the bride chose a formal gown of Chantilly lace over white satin, fashioned with a fitted bodice, long tapered sleeves, illusion yoke with a lace turn-back collar and scalloped overskirt of lace. Her elbow length veil was attached to a tiara of seed pearls. She carried a cascade bouquet of white carnations centered with a white orchid.

Following the ceremony, the bridal party was feted at a reception in the church parlor. The serving table was centered with the bridesmaids' bouquets which were flanked by crystal candelabra. Mrs. Robert G. Curtis, sister-in-law of the bride, presided at the punch bowl and Mrs. Harold F. Curtis, another sister-in-law, served the tiered wedding cake.

For the wedding trip to Red River, N. M., the bride traveled in a two piece ensemble with black accessories and a white orchid corsage. The couple is living at 2107-B Monroe.

The bride is a graduate of Amarillo High School and West Texas State College. At West Texas she was a member of Phi Gamma Nu Sorority. The bridegroom is a graduate of Canyon High School and is a senior student at West Texas State.

Out-of-town guests attending the wedding included Mr. and Mrs. Harold F. Curtis of Venice, Calif.; Mr. and Mrs. Robert G. Curtis of Los Angeles, Calif.; Mrs. J. G. Haralson of Plainview; Mrs. H. G. Wilson of Hale Center.

Mr. and Mrs. Wells, parents of the bridegroom, entertained with the rehearsal dinner at their home.

I GIVE YOU TEXAS

By BOYCE HOUSE

Here's the story of how a lease was obtained on what proved to be one of the richest tracts in the history of oil.

One hot day, Ira G. Yates was rounding up drouth-stricken cattle to be driven to Rankin for shipment to market when Charles A. Hitt, in charge of land operations for the Transcontinental Oil Company in West Texas, accompanied by Ossie Greene, Transcontinental scout, and others with that company, paid Yates a visit to discuss an option for an oil lease on his ranch. He agreed to discuss the matter with them further at Rankin two days later—and there, sitting on top of a corral fence, he signed the papers for a consideration of one dollar.

The 60-day option was twice extended and had only a few days to run when Hitt received instructions to obtain a lease from Mr. and Mrs. Yates. The instructions came from the Transcontinental's headquarters in Tulsa, where A. M. (Jack) Hagan and other geologist of the company had filed highly favorable reports.

So Hitt and O. H. Kilpatrick, a geologist and engineer for the company, left San Angelo for the Yates ranch, 130 miles away. At Sheffield, they were joined by J. D. Miller Jr., a land man for the company. They found a notary public milking on his stock farm and added him to the group.

There had been heavy rains and the Pecos was swollen, so that it was night when the four reached the ranch house. And there at 11 p. m., on Dec. 29, 1923, Ira and Ann Yates affixed their signatures to documents for a lease of 4,000 acres free and on an additional 4,000 acres for a dollar an acre bonus and a yearly rental of 25 cents an acre.

The visitors started back that night so that the check could be placed to Yates' credit when the bank opened in San Angelo the next morning. En route, they returned the notary public to his home. When they asked how much they owed him, that functionary apologetically inquired, "Would \$2.50 be too much?" He was paid \$5.

Wayside Members Hand In Reports

The Wayside H. D. Club met with Mrs. Melton McGehee Thursday afternoon and members handed in their yearly reports on achievements.

The new HD agent, Miss Hill, gave a demonstration on living room decoration and furniture arrangement.

Refreshments were served to one visitor, Mrs. Kelly McGehee, and members, Mrs. C. D. Rogers, Mrs. Floyd Adams, Mrs. Henry Hamblen, Mrs. James Bible, Mrs. A. J. Newsom, Mrs. Bill Allen, Mrs. Dewitt McGehee, Miss Hill, and several small children.

WRONG QUESTION

Father — Now, son, tell me why I pushed you.

Son — That does it. First you pound the life out of me and now you don't know why you did it?

Social Pioneers Have Annual Picnic

The Social Pioneers held their annual picnic supper and musical in the home of Mr. and Mrs. W. T. Davis recently. Flowers for the picnic were furnished by S. B. Orton.

The group was entertained by a string band. Those in the band were Johnny Shrum, Amarillo, violin, Bud Rusk, violin, Herald Palmer, Amarillo, steel guitar, Earnest Haws, mandolin, and Mrs. Naoma Weddington, Amarillo, piano.

Those attending were Mrs. J. C. Dowd, Mrs. I. M. Steen, Mrs. R. T. Bowman, Mrs. Mary Croson, Mrs. T. T. Fain, Mrs. W. G. Rose, Kelly Rose, Mr. and Mrs. Ed Weeks, S. B. Orton, Mr. and Mrs. G. W. Cox, Mrs. R. D. Lowry, Mrs. Mary Burtz, Mrs. W. I. Wester, Mrs. C. H. Stratton, Mr. and Mrs. C. W. Dunn, Mrs. Mary Boyce, Mrs. E. C. Penick, Mrs. C. M. DeGraffenreid.

Mrs. Isabelle Dickinson, Mrs. Hattie Brasuel, Mrs. Addie Hefner, Mrs. Rae Walters, Mrs. R. O. Service, Mrs. B. C. Taylor Sr., Mrs. R. T. Furlow, Mrs. Pennie Cox, Mrs. Bessie Eby, Mrs. Hattie Gilbert, Mrs. Harold Palmer, Bill Boney, Mrs. Ernest Haws and Billie Weddington.

NOT PRACTICAL

"Arithmetic is a science of truth," said the professor earnestly. "Figures can't lie. For instance, if one man can build a house in 12 days, 12 men can build it in one."

"Yes," interrupted a quick-brained student. "Then 288 will build it in one hour, 17,280 in one minute, and 1,936,800 in one second. And I don't believe they could lay one brick in that time."

While the professor was still gasping, the smart "ready reckoner" went on: "Again, if one ship can cross the Atlantic in six days, six ships can cross it in one day. I don't believe that either; so where's the truth in arithmetic?"

HOMELIKE

Film Star (newly married) — And is this the ancestral home? Bridegroom — It is, precious. Film Star — Say, it looks mighty familiar. Are you sure I haven't married you before?

NOT LONG ENOUGH

Poet — Are you the man who cut my hair last time? Barber — I don't think so, sir. I've only been here six months.

and double fashion! Klingrite designs a coat in two moods... soft-falling slenderness in front, contrasting with new backswing... a shaped belt controls the fullness of shoulder-to-hem pleats. All wool tweed, boldly nubbed in Oatmeal, Black/white, Black/copper, Black/Royal Blue, Sizes 6-18.

WARREN'S

Mrs. Dewey Talks To Council Members

The Randall County Home Demonstration Council met Tuesday afternoon, Oct. 1, in the Farm Bureau building for its regular meeting. The Las Amigas Home Demonstration Club was in charge of the recreation period.

Mrs. W. Wilson, Mrs. L. T. Campbell, Mrs. Charles Conatser, and Mrs. Earl Metcalf were appointed to assist with the 4-H banquet to be held in November.

Mrs. R. A. Hodges was appointed to attend the October 22 meeting of the Community Center. Officers were re-elected for the coming year, with Mrs. John Jennings, chairman; Mrs. Conatser, vice chairman; Mrs. Blaine Hufnagle, secretary-treasurer.

Mrs. T. G. Dewey, president of the Randall County Heart Association, talked to the council about the work of the heart association. She passed out literature to the members to be presented in their clubs. The group voted to have a community and county-wide heart education meeting on Nov. 5. The place will be announced later.

The serving table was centered with a colorful fall and Mexican motif. Punch, coffee and new fall apples were served to the members.

Speaker

JOHN G. REESE

The Central Church of Christ announces a special series of meetings beginning Sunday, October 13, and continuing through Sunday, October 20.

In addition to the regular Sunday meetings at 10:45 a. m. and 6 p. m., there will be one meeting daily at 7:30 p. m.

The guest speaker will be John G. Reese, minister of the San Jacinto Church of Christ, Amarillo. These meetings will be open to the public.

Ed Sweiss Speaks To Variety Ring

Roll call was answered with "What I like to use for an autumn centerpiece" when the Variety Ring met Thursday in the home of Mrs. Mae Johnson.

Ed Sweiss, West Texas State College student from Jordan, was guest speaker. He discussed the customs of his country and told of working his way to the United States to further his education.

Refreshments were served to Mr. Sweiss, Mrs. Levi Cole, Mrs. Earl Burtz, Mrs. J. P. Hammons, Mrs. W. L. Rice, Mrs. Fred Marshall, Mrs. George Barker, Mrs. T. S. Maxwell, Mrs. George Cox and the hostess.

The next meeting will be in the home of Mrs. Estelle Rice.

Mrs. M. O. Elliott of Tulsa visited her mother, Mrs. Addie Hefner, Tuesday.

Mr. and Mrs. James Elkins and children of Lamar, Colo., are visiting their parents, Mr. and Mrs. Roy Harrington.

"This is tough luck," said Ham mournfully, as he leaned out of a window of the Ark.

"What's the kick now?" inquired Shem.

"Why, we've got all this water around us to fish in," replied Ham, "and only two fish worms on board."

NOT NOW

Gruff Father (to son) — Why don't you get out and find a job? When I was your age I was working for \$5 a week in a shop, and at the end of five years I owned the shop.

Son — You can't do that nowadays. They have cash registers.

ALL PAID FOR

Mrs. Knagg — You can't fool me. I know you through and through. I haven't been your wife twelve years for nothing.

Her Husband — I should say you have not. Your monthly allowance checks will prove that.

Tolliver Named To State Office

Dr. Crannell Tolliver, head of the speech department at West Texas State College, has been elected vice-president of the Texas Speech Association.

Dr. Tolliver and four speech faculty members attended the association's annual convention in Mineral Wells.

As vice-president, Dr. Tolliver will plan the program for next year's convention which will be held in Waco. Mrs. Nan Elkins of Austin is president of the group, which includes college and high school speech teachers.

Both Dr. Tolliver and Mrs. Elkins will represent Texas on the executive board of the Southern Speech Association. Dr. Tolliver was executive secretary of the Texas association for three years and has been on the state executive council for seven years. He was chairman of a committee which compiled and edited a course of study in high school speech.

New Grand Jury Begins Session

The September term Randall County Grand Jury was sworn in last week and began deliberations.

Members of the grand jury are R. B. Allen, foreman, Tom Gooch Jr., secretary, Roger Dugan, Harvey Arthro, Randall Wester, Dwain Mires, James Drummond, Johnnie Pugh, James Tomblin, Richard Friemel, Gene McCart and Woody Howell.

Kids, Inc., Loses On Penetrations

The Canyon Kids, Inc., football team lost a 6-6 game Sunday on penetrations to the Memorial Park Cougars. The game was played at Memorial Park in Amarillo during the rain Sunday afternoon.

Canyon touchdown was made by Eddie Pool on a 23-yard run around end. John Brandon also showed well for Canyon with runs of 35 and 45 yards.

The game was a defensive battle, with the Amarillo team winning two penetrations to one.

Mississippi Gets Back Tangerines, Basket Also

The South rose again Saturday night for a couple of hours, and it was deadly for anyone except the boys from Mississippi. Re-venge themselves for the Tangerine Bowl last January, the Mississippi Southern football team splattered West Texas State 34-0 in Amarillo Stadium.

Except for jumping offside, probably from eagerness, the Southerners could do no wrong—they passed, kicked, ran, blocked and tackled with a smoothness that

comes when a good team is in excellent shape and is ready to play ball. West Texas, on the other side, was not in shape, being held down because of flu, colds and injuries picked up in previous games and practice.

The Southerners displayed their awesome power from the beginning of the game, taking the kickoff and marching 75 yards for a

touchdown in only four plays, then putting two more touchdowns across before halftime.

A fourth score might have been made just before the half except for a series of huge losses on pass attempts and four penalties moved the ball from the WT one back to the WT before the Buffs took over on downs. The march to the one and back to the 45 was marred by eight penalties—a series that bewildered the crowd and maddened the South.

One Southern player showed his displeasure over the penalties by picking up an official's red flag and using it for a handkerchief—then throwing it back to the ground.

The Herd tried to get back into the game during the second half. They moved the ball from the kickoff to the Southern six before losing the ball on downs. Later, in the fourth quarter, the Buffs got to the MS two with a first down, but quarterback Lindley Davis was stopped with no gain on the first try and fumbled on the second to lose the ball.

Then again the Buffs headed for paydirt, moving to the 10 before a penalty crushed the drive.

The Mississippi scoring came this way. Taking the opening kickoff on the two, Laurence Meeks returned to the 25. Bo Dickinson gained seven yards and Meeks raced 46 more. Dickinson made 14, then Bob Lance made the final eight yards for the TD. The extra

point was kicked by Ollie Yates.

WT took the next kickoff and drove to the MSC 27 where Jack York fumbled and John Perkins recovered for the South. In 11 plays the Southerners had scored again with the final play being an 11-yard pass from Gene Coats to Jack May. Lance kicked the point to make the score 14-0.

In the second quarter, Mississippi got the ball on the WT 47 after a short Buff punt went out of bounds. Yates picked up nine yards, then George Sekul threw a pass to Bob Yencho on the goal line. The Buffs' Ronnie Mills nearly intercepted, but Yencho pulled the ball in. Tommy Coffey blocked the conversion attempt by Yates.

During the last part of the second quarter, the Southerners went from their own 10 to the Buff one, drawing 70 yards in penalties, but lost the ball back on the WT 45.

Opening the third quarter, the Buffs moved to the MS six, but lost the ball on downs. Then the South took over and moved 94 yards in 15 plays to score again. The touchdown was made

by J. C. Arban from the one and Yates converted to make the third quarter score 27-0.

West Texas made two drives for scores during the fourth quarter, but Mississippi got together for a final attack before the end of the game. Taking the ball on their own 33, they moved to the goal line in 13 plays. Joe Doggett went 13 yards for the TD and Bill Weber made the extra point. The final score of 34-0 was on the scoreboard when the clock showed 1:06

to play.

Statistics of the game were:

	WT	MS
First Downs	9	19
Rushing Yards	134	286
Passing Yards	41	180
Passes Tried	16	9
Passes Completed	5	7
Passes Intercepted	0	2
Punts	4	3
Punt Average	34.7	32.7
Fumbles Lost	3	0
Penalties	2	15
Yards Penalized	30	115

Chicken Tops Foods Listing

The crisp fall evenings are hard to beat so far as the choice of seasons for an outdoor meal is concerned. Outdoor chefs will find one of their favorites, broiling and frying chickens, heading the list of plentiful foods for October.

The U. S. Department of Agriculture's Marketing Service reports that industry and government will cooperate during October to promote the sale of broilers and fryers as well as cheese and dry peas. These foods headline the October list of plentiful foods.

Canned and frozen peas are also expected to be in ample supply as are apples, potatoes, onions, peanuts and peanut butter.

NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS
OF THE 18TH CONGRESSIONAL DISTRICT

Young Giant

In a little more than 10 short years, the television industry has become one of the giants of our economic structure. Forty million families have spent more than 17 million dollars on receivers at which they look an average of more than five hours a day. This

means more time is spent watching television than in any other single activity except working and sleeping.

There are some places still isolated from television, but these are few and far between. It is estimated that more than 150 million people in this country are within range of at least one of the 479 existing stations. Over 120 million people have a choice of four or more channels.

Nothing in the history of the world has paralleled television as a medium of information, education and entertainment. The influence this medium can have on the lives of people it reaches is inconceivable. It is only 10 years old now, which means that it is a baby, relatively speaking, in the industrial world.

Its future growth and development will provide many surprises for all of us. It is well to point out that the industry has grown to its tremendous proportions by its ability to contribute to the welfare of the people in their daily pursuits, under the great American system of private enterprise.

It is subject to government regulation, but this regulation is kept at a minimum and is employed primarily in policing the operation of the industry to be sure it is

responsive to the desires and needs of the American people.

Let us hope the television industry will be operated with full appreciation of its obligations and responsibilities to the people entitled to be served, and that abuses will not be of such nature as to necessitate more rigid controls. The impact this medium has on the lives of the American people in the advertising and entertainment fields provides ample evidence that a proper portion of television time and wave lengths should be devoted to educational purposes.

This is a business that falls within the category of public service under the American system, and unless proper respect is shown for the responsibilities to the public, demands for government control can be expected. Let us all hope this medium can be kept free.

Budget Cuts and Defense

There has been considerable misinformation regarding the relationship between the budget cuts in the past session of Congress and the defense program. It would appear from some of the announcements by the military that the reduction of personnel and the cutback of some programs are chargeable directly to the budget cuts by Congress.

However, the true facts do not bear out such representations. The truth is that Congress has not fixed an annual expenditure figure for the Defense Department. This figure is fixed by the President, the Bureau of the Budget and the

Defense Department.

Congress approves programs and provides the funds to finance them. The completion of a program may require several years, due to the complexities of modern aircraft and war machinery.

Last year defense spending amounted to 38.4 billion dollars. During the latter part of the year, defense spending was at a rate of 40.2 billion dollars annually, although previous estimates of the Department of Defense and the Budget Bureau had been that such spending would be 36 billion dollars for last year.

The important thing is, the Defense Department had available to it for expenditure last year the sum of 74.7 billions of dollars. This amount was made up of two parts, one being the 36.2 billion dollars which was appropriated by Congress last year, and the other part being 38.5 billion representing funds carried over from appropriations of previous years; that is, funds for such things as ships, aircraft, ballistic missiles and other long-lead-time items.

This year there is a total availability of 70.8 billion for the Defense Department. Out of this amount the Defense Department expects to spend 38 billion. The Congress this year appropriated 35.9 billion in new appropriations for the Defense Department. This amount, added to the carry-over from previous appropriations, makes up the 70.8 billion available for expenditure.

Therefore, ample funds are available to the Defense Department to finance a defense program this year of 42 billion or such other amount as it might desire; however, it was obviously the opinion of the Administration and the Defense Department that vast sums should be held in reserve so that defense spending for the year could be held at 38 billions of dollars.

These facts are pointed out not for the purpose of criticizing anyone or any group, but for the purpose of showing as briefly as possible that ample funds are available to the Defense Department to properly maintain the defenses of this country and to allay the fears of many who have concluded that the recent cuts by Congress might materially affect our defenses.

These figures were gathered together by the Honorable George Mahon, the very able Member of Congress from the Lubbock district. He is Chairman of the Appropriations Subcommittee having jurisdiction over military expenditures.

Edgetown HD Club Hears About Lunches

How to pack and carry lunches was told to the Edgetown Home Demonstration Club by Mrs. John Leitner at the meeting of the club on Sept. 27 in the home of Mrs. K. E. Hines.

Officers for the new year are Billie Sogree, president; Pat Stevens, vice president; Mrs. Leitner, secretary-treasurer; Melba Fisher, reporter; Olga Phillips, parliamentarian, and Mary Donnell, council representative.

The next meeting will be Oct. 11 in the home of Jo Ann Hicks. Two visitors, Mrs. Dick Erson and Patty Walker, met with the members, Mrs. W. D. Walker, Myrtle Sparks, Myrtle Stratton, Jeannette Robbins, Pat Stevens, Laveta Campfield, Olga Phillips, Billie Sogree, Melba Fisher and Mary Donnell.

PLENTY

"Have you bought anything for your niece's wedding?" asked Mr. Binks.

"Yes, indeed," replied Mrs. Binks. "I bought myself a new suit, some shoes and gloves and a hat."

Wayside News

Sunday school Sunday, but no church services as it was the fifth Sunday.

We are sorry to report the passing of another oldtimer formerly of this community. Leo Beasley died at his home in Florissant, Mo., a suburb of St. Louis, on Oct. 1. He had been in bad health for several years because of a heart condition. His youngest sister, Maude Walters of Canyon, attended the funeral.

Mr. and Mrs. Foster Parker of Lubbock announce the arrival of a girl born Sept. 30. They have named her Mary Katherine. The proud grandparents are Mr. and Mrs. Otis Parker.

Mr. and Mrs. Irvin SoRelle Jr. announce the arrival of a son born Sept. 29. They have named him Richard Irvin.

A number of women from Wayside attended the pink and blue shower honoring Mrs. Barney Latham in the Rube Nickelson home near Vigo Park.

Mrs. Doreen Modisette, Mrs. Carol Martin and Daral and Mrs. Pearl Clayton and Loretta were happy shoppers Thursday.

The Ground Observer Corps met Monday night. A number received their wings for 25 hours of service.

Mr. and Mrs. Willie Modisette, Royce, Marian and Fay, were dinner guests in the Artie Brawner home in Amarillo last Sunday.

Don't forget the date of the Wayside homecoming Oct. 20. Everyone is invited.

Mr. and Mrs. W. R. Stockett were happy shoppers Wednesday morning.

Mr. and Mrs. B. L. Newby of Boyd were guests Thursday night in the Bill Heisler home.

Mr. and Mrs. Jimmie Bean and Mrs. Sam Maize, Sammie and Vicki, were Tulsa callers Wednesday.

The gift wrapping demonstration sponsored by Heard and Jones drug store of Tulsa was well attended by women from Wayside. Those attending were Mrs. Guy Watson, Mrs. W. C. McGehee, Charlotte Adams, Mrs. Dewitt McGehee and her aunt, Mrs. Eunice Powell of Tuscola, Texas, and Mrs. Henry Hamblen. Mrs. Powell won the door prize, an electric toaster.

CORRECT, SIT DOWN—

"Now, children," said the teacher, "tell me the opposite of the word misery."
"Happiness!"
"And of sadness?"
"Gladness!"
"And of woe?"
"Giddap!"

I buy all of my insurance from one agent!

HERE'S WHY!

1. I get good advice and good service.
2. I get the latest ideas on protection.
3. I save valuable time by talking insurance with only one man.
4. I get a good rate in good companies.

All of my business amounts to enough so my agent is anxious to hold my account. In return he puts himself out to see that I'm treated right. And that's what I like.

Rebecca Lodge Makes Donation

A donation of \$5 was voted for the linen shower at the Corsicana IOOF home by the Canyon City Rebecca Lodge 350 recently.

Mrs. Pearl Bowman and Mrs. Hattie Brasuel served ice cream and cake to Mrs. Gladys Pitt, Mrs. Myrtle Sparks, Mrs. Mae Bond, Mrs. Isabel Dickinson, Mrs. Myrtle Wester, Mrs. Dolly Taylor, Mrs. Lottie Suggs, Bertha Crow and Columbia Redfern.

The next meeting will be Oct. 9 when plans for the initiation will be made.

ONE THING NEEDFUL

Butcher — "Round steak, madam?"

Bride — "The shape doesn't interest me, so long as it's tender."

THE SHIN CODE

Mrs. Smith (at bridge table) — Before we start playing, do you girls mind if I consult my husband on a point I am not quite certain about?

Hostess — No, certainly not, my dear.

Mrs. Smith — Well, George, did you say two kicks or three for no trumps?

SWEET TREASURE

Little Margie had been attending a birthday party, and now her big sister had come to take her home.

Crossing the street, the sister took hold of the youngster's hand. "My goodness, Margie," she exclaimed. "How sticky your hands are!"

"Well," replied Margie, "yours would be too if you had a piece of chiffon pie, a cream puff, and a chocolate éclair in your muff."

MOTHER'S RIGHT

Father: "Mabel, that young man of yours stays too late when he calls. Hasn't your mother something to say to you about that?"

Mabel: "Yes, father — mother says men haven't changed a bit."

Money Discusses Poll Tax Issuance Laws To Help Taxpayers, Collectors

Laws covering issuance of poll tax receipts and information to aid the tax office were given this week by Tax Assessor-Collector Bill Money.

The age for receiving over-age exemptions is 60, rather than 65 as previously announced in The Canyon News. Money said that the law requires that a person be 60 years or older by Jan. 1, 1957, in order to qualify for an over-age exemption.

Those who are over-age and who live outside a city of 10,000 population are not required to obtain an exemption certificate, but those who do must apply for it before the last day of January, 1958, in order to vote in elections between Feb. 1, 1958, and Jan. 31, 1959.

Exemption certificates for those who are 21 and have never voted may be obtained anytime within 30 days before an election.

Persons who move into the state may receive exemptions to vote free for one year if they otherwise qualify and have lived in the state one year and county six months prior to the last day of January, 1958. They just apply for the certificate prior to Jan. 31, 1958.

In ordering poll tax receipts by mail, taxpayers should fill in the information printed on the back of the personal and property tax statement. The information required is the name, address, age, length of residence, voting precinct number, race and signature of the applicant.

Money said many taxpayers include \$1.75 with their regular tax payments, but fail to fill in the back of the form. When possible, the employees in the tax office figure the precinct from the address, show the age as 21 and length of residence as one year and issue the poll tax. Money said that many times it is impossible to do so.

Money said that the back of the form also includes information about discounts for payment of taxes during October, November and December, and also shows penalty and interest rates for delinquent taxes.

He said that persons who order poll tax receipts by mail must have the request in his office by

the last day of January, and not in the post office. Money said the state law says the post office acts as the agent of the taxpayer and not of the collector in issuing poll taxes.

Poll taxes are \$1.75 per person, and are needed by those who intend to vote in city, school, county, state and national elections. They may be paid between Oct. 1 and Jan. 31 each year.

National Guard Gives Promotions

A series of recent promotions in Company F, 142nd Infantry, Texas National Guard, have been announced by Capt. Bert O'Neill, commanding officer.

Promoted from sergeant to sergeant first class were Terry K. Kirby of Hereford and Larry E. Porter of Canyon. Promoted from specialist third class to sergeant were Ken Kuykendall and Jimmy Wesley of Canyon, and promoted from specialist third class to specialist fourth class was Melvin White of Hereford.

Capt. O'Neill said there are several vacancies in the company and they may be filled by either veterans or non-veterans. Visitors are welcomed to inspect the company on drill nights.

Drill time for the company is 7:30 p. m. each Monday. Scheduled for the next drill are classes in map reading and first aid.

Robert Smith New Pastor

Robert L. Smith has been called as pastor of the Full Gospel Revival Center, corner of Seventh Avenue and 15th Street.

He announces the following church schedule: Sunday School, 9:45 a. m.; morning worship, 11 a. m.; evening service, 7:30 p. m.; and Wednesday evening service, 7:30 p. m.

Everyone is invited to attend the services.

Mr. and Mrs. Marvin Olson of Amarillo are parents of a girl born Oct. 4.

Poultry Inspection Program Coming

All poultry and poultry products moving in inter-state commerce will be inspected for wholesomeness by January 1, 1959, under the recently enacted Poultry Products Inspection Act.

The act becomes partially effective on January 1, 1958, when plants approved by the U. S. Department of Agriculture may be provided the service, according to F. Z. Beanblossom, extension poultry marketing specialist. Currently, it is estimated that approximately 50 per cent of such poultry is now being inspected for wholesomeness under the voluntary inspection program provided by the USDA on a fee basis.

Beanblossom points out that the gradual application of mandatory inspection requirements between January 1, 1958, and January 1, 1959, has been provided to permit plant owners reasonable time to make any plant alterations which may be necessary to meet facility standards required by USDA regulations.

By January 1, 1959, all plants shipping poultry in inter-state commerce must be approved and the poultry products processed therein be subject to inspection, unless otherwise exempt.

Commenting in the enactment signed by the President Aug. 28, of this legislation, which was Secretary Benson said, "The passage and approval of the Poultry Products Inspection Act marks another milestone in the tremendous progress which has occurred in the poultry industry in this decade. Its passage likewise reflects the continued progress this nation is making in assuring the consuming public wholesome and nutritious food on an ever-expanding scale."

Once in full application, poultry products subject to the Act will receive inspection for wholesomeness comparable to that which has been in effect for red meats since 1907 when the Meat Inspection Act was passed.

Inquiries regarding the program should be directed to the Director of the Poultry Division, Agricultural Marketing Service, USDA, concludes the specialist.

WT Freshmen Elect Officers

Freshmen at West Texas State College Tuesday elected class officers and named their four representatives to the Student Senate, governing body for WT's nearly 2,000 students.

Chosen for the three class offices were James Dees of Borger, president; Bobby Dee Barton of Amarillo, vice president; and Monty Booser of Hereford, secretary-treasurer. Dr. Lowell Harrison, head of the WT history department, was elected class sponsor.

In the senate-sponsored election, Patsy Bayley of Plainview, Dennis Griggs of Pampa, Larry Jacobs of Spearman, and Joann Vaughn of Tulla, were chosen freshman senators.

They defeated Cherri Crouch of Vega, Grace Hawthorn of Dalhart, Shirley Bailey of Whiteface, and LaVerne Riley of Canyon.

W. L. Shugart of Singer, Texas, is visiting in the home of his son and family, E. W. Shugart.

Three Women Tell Rotary About Money

Three Canyon housewives Tuesday told Rotary Club members how Mrs. America controls the purse-strings of American economy, and the influence played upon the buying habits of families is waged by women.

With Mrs. Lee Foster as moderator, Mrs. Murphy White and Mrs. Winfield Miller discussed the elements of merchandizing from the woman's angle, and made suggestions for merchants in the type of merchandise women seek most frequently.

Clarence Thompson introduced the program. Guests of Rotarians were Delbert Lowes and Roland Black, guests of C. L. Thompson, and Mrs. H. R. Fulton and Mrs. Mary Kelly, guests of Ples Harper.

Visiting Rotarians were John McCarty of the South and West Amarillo club, and Powell Combs, William Torrey, Arthur Blumh, Forrest Barnes, John Oakes, Leonard Shomell, Guy Carlander, Woodward Martin, Ken Bell, Joe S. Morris, Campbell Bunting, and Frank Storm Jr., all of Amarillo.

Jaycees Schedule Hypnotism Show

The Canyon Jaycees have scheduled an appearance of a noted hypnotist in the West Texas State auditorium for next month.

Doctor Barron will give a lecture and demonstration on hypnotism. Admission prices will be 90 cents for adults and 35 cents for children. Plans for ticket sales will be announced later.

An advance publicity agent for the hypnotist will be in Canyon next week.

GRAND JURY FILES REPORT

The outgoing Randall County Grand Jury, which was disbanded at the end of September, filed the following report, which was signed by George Hirsch, acting foreman. After the three months period of the empaneling of this grand jury, we wish to make the following reports and observations:

1. We wish to express our appreciation for the cooperation and diligent work of the law enforcement agencies of Randall County, City of Canyon and City of Amarillo, and especially we would like to commend the offices of the Sheriff and the District Attorney for their cooperation and efforts during this three months period.

2. Further we wish to express our appreciation to the Neblett Hospital for the manner in which they are handling the "indigent care" cases of Randall County.

3. This Grand Jury was pleased with the fact that the 1957-58 school term has started in this county and to learn of the splendid cooperation that has been given to the law enforcement officers by the students of the various schools.

4. We strongly recommend that the Commissioners Court of Randall County, Texas, take immediate steps in renovating the District Court Room and the Grand Jury room, with reference to lights, sound and air-conditioning, so that they will meet with the standards consistent to the population of the County.

James R. Ballard, son of Vinnie Ballard Cox and the late Roscoe Ballard, finished his special school at Ft. Chaffee, Ark., and has orders to leave for Europe.

Advice Given Area Dairymen

The summer season is over and the fall session is now underway. Dairymen should now begin checking their management to make sure that they are ready for the colder weather that lies ahead, advise A. M. Meekma and J. W. Davis, extension dairy husbandmen.

Cow comfort is one of the more important points to check for the coming months, say the husbandmen. A dissatisfied, uncomfortable cow is not going to perform at her best. Special attention should be given to good feed and adequate shelter. And remember that contented cows usually make a more contented dairymen.

Determining the best feed to buy is another problem that must be confronted, Meekma and Davis remind. Feed prices often change from season to season and deciding which one to buy is sometimes difficult. For help in solving this problem, they advise seeing local county agents for the publication, MP-167, "Which Feed is the Best Buy?"

The specialists also advise dehorning now that the normal fly and screw worm season is about

over. Dehorning will save space at the feed rack and in the shelter barn. It will also prevent painful injuries to cows and heartaches to the owner. There is no place for horns in the modern dairy herd.

Any herd can be improved by culling lowest producers, hard breeders, and least desirable cows. Now is a good time to cull those cows that will not carry their part of the load during the coming winter months. It can be unprofitable to carry any "dead weight" through the winter.

Game Warden Tells Duck, Goose Times

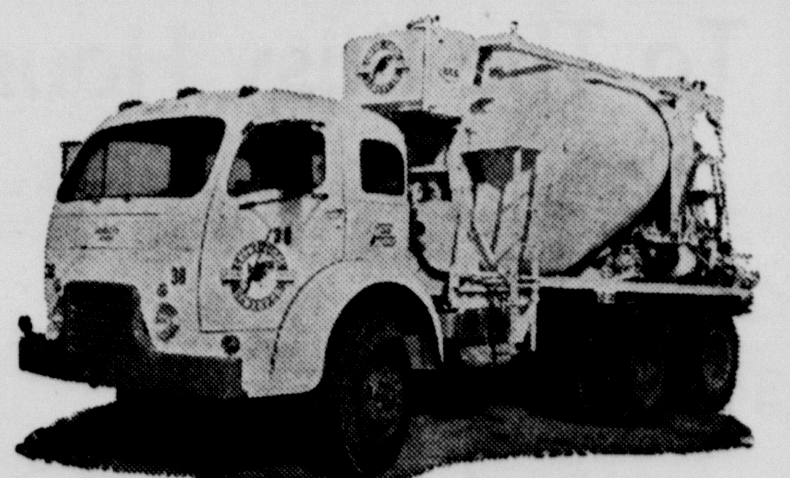

Duck and goose season in this area opens Nov. 1, Game Warden Woody Pond has announced.

The duck season lasts until Jan. 15 and bag limits are five per day and not more than 10 in possession.

Goose season lasts until Dec. 31 and bag limits are an aggregate of not more than five per day or in possession, including not more than two Canadian geese per day or in possession.

Shooting hours shall be from one-half hour before sunrise to sunset.

Pleasant-Jo 4-H Club Studies Color Chart

The Pleasant-Jo 4-H Club members heard Mrs. Mona Hildreth explain the use of different colors on different people at their meeting Monday in the Farm Bureau building. Each member was presented a color chart.

Present were Peggy and Leta Cranmer, Judy Wilson, Katherine Winstead, Candy Throckmorton and Sharon Cranmer.

The next meeting will be Nov. 14 in the Farm Bureau building.

Engaged

JANIS WRIGHT

Nuptial Plans Revealed at Tea

The engagement and approaching marriage of Janis Hope Wright, daughter of Mr. and Mrs. E. H. Wright, to Jerry Don Wells, son of Mr. and Mrs. Ray Wells, was announced Tuesday at a tea from 6 until 8 p. m. in the Wright home, 2102 Second Avenue.

A sailboat centerpiece of blue and gold, the bride-elect's chosen colors, was used to announce the wedding date, Nov. 9. The ceremony will be read at the First Baptist Church.

The sailboat, filled with gold mums, had sails of gold net featuring the names, Jan and Don. The date was inscribed on the blue net anchor which fell from a twisted gold net chain. Laid with an ecru cutwork cloth from Ethiopia, the refreshment table was centered with the sailboat on a reflector and pointed with silver. Mrs. Ted Kelly, Mrs. E. M. Boston, Mrs. Frank Morgan and Mrs. D. R. Weaver served spiced tea and cakes. Wanda Rogers and Nancy Tomlinson assisted in the dining room.

Guests were greeted by Mrs. Wright, Miss Wright and Mrs. Wells. Barbara Bacon and Mrs. Eugene Boston presided at the guest book. Pianists were Virginia Leake and Diane Prichard.

Fairview HD Club Meets With Wilson

Mrs. Edna Wilson was hostess to the Fairview Home Demonstration Club Oct. 4.

Plans were made for a community Halloween party and chili supper. The program was a discussion by each member of her favorite centerpiece for different occasions.

Refreshments were served to Annie Wesley, Georgia Rogers, Lavena Amerson, Grace Schaeffer, Evelyn Schaeffer, Madge Sutton, Lizzie Wesley, Fernie Wilson, Ora Evans and the hostess, Edna Wilson.

FHA Invite Teenage Girls

Future Homemakers of America are inviting teenage girls and their mothers to the FHA meeting on Thursday from 7:30 to 9 p. m. to hear Mrs. Mickey McDonald speak on personal improvement. Mrs. McDonald is from the John Robert Powers modeling school in Amarillo and will demonstrate phases of personal improvement. The meeting will be in the homemaking department at the high school.

Luncheon Set

The Canyon Mother-in-Law Club will meet Oct. 10 for an all day quilting in the Randall County Farm Bureau building. There will be a covered dish luncheon at noon. All members are urged to be present and visitors are welcome.

IT IS

An echo is the only thing that can cheat some people out of the last word.

NO. 1012

ESTATE OF CLYDE W. WARWICK, DECEASED.

IN THE COUNTY COURT OF RANDALL COUNTY, TEXAS NOTICE TO DEBTORS AND CREDITORS

THE STATE OF TEXAS, COUNTY OF RANDALL, TO THOSE INDEBTED TO, OR HOLDING CLAIMS AGAINST THE ESTATE OF CLYDE W. WARWICK, DECEASED:

The undersigned, having been duly appointed Executrix of the Estate of Clyde W. Warwick, Deceased, late of Randall County, Texas, by Roy Joe Stevens, Judge of the County Court of said County on the 7th day of October, A. D. 1957, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said Estate to present them to her within the time prescribed by law at her residence, Canyon, Randall County, Texas, where she receives her mail, or at the office of The Canyon News, Canyon, Texas, this the 7th day of October, A. D. 1957. GRACE M. WARWICK Executrix of the Estate of Clyde W. Warwick Deceased. 2714

By HUGH WILLIAMSON

An outdoorsman, as you would expect, is more sensitive to the weather than other folks. And that doesn't merely mean that he is interested in whether it's hot or cold, wet or dry.

He watches the fishing calendar, the solunar tables, the barometer, and the weather predictions. He is aware of water temperatures at various depths, and he looks for the signs of nature.

All this goes for the hunter as well as the fisherman. As the dove hunter contemplated the season opening in the South Zone, Oct. 1, for example, he recalled heavy rains in the area late in September, and he thought about

cooler weather.

His conclusions were that dove hunting around tanks would not likely be productive because there is water everywhere for the birds. And he figures that doves would be migrating southward in search of warmth.

Weather Signs

Old timers were keen about the weather. Far more so than moderns who live in conditioned air and don't depend directly on agriculture for their livelihood.

The old folks didn't depend on gadgets to know whether the fish were biting. They understood that

there is a rhythm in nature, and they watched for signs that they knew were reliable.

If the old cow rested quietly under a shady tree, if the dog slept by the front steps, if there were no birds singing or flying — if all nature seemed at a standstill — that was no time to go fishing.

But when the cow got up and started grazing, the dog stretched himself and dug up a bone, and the birds suddenly appeared in the sky — that was fishing time.

The system still works. One friend of mine keeps a bowl of goldfish and can tell by their action — or inaction — whether to head for the creek or not.

Solunar Tables

Another fellow tells me that by watching the solunar tables he can tell when the workers in his office are going to be the most alert, active, and industrious. These times coincide with the best fishing hours as indicated by the tables.

It has long been known that the weather affects the way we feel. Benjamin Franklin advised that we

"do business with men when the wind is out of the northwest." That's because a northwest wind is a sign of fine weather.

Thus it's not surprising that anglers say "fish bite the best when the wind's from the west."

Barometer Readings

Many salesmen refuse to call on customers when the barometer is low. They know that the prospect is likely to be feeling depressed at such a time. Likewise, old fishermen know that the fishing is best when the barometer is high or rising.

September rains were good for the angling situation. They washed food from surrounding land into the lakes and streams for the fish to eat.

Some big fat bass are going to be caught in Texas during the next two months!

Incidentally, the better the land along the shore line, the more good washed into the water by rains. No lake surrounded by poor land can be rich in fish. Consequently, your earnest angler is a booster of soil conservation.

Marion Henson Heads Librarians

Marion Henson has been elected president of the Junior High Library Club.

Other officers are Lynn Larson, vice president, Virginia Crounse, secretary, and Ocoee Johnson, program chairman.

Eighth grade members are Judy Roberts, Clark de Schweinitz, Pat Haley, Virginia Crounse, Kay Jarnagin, Ocoee Johnson, Marion Henson, Joe Whittington, Pam Richards and Carolyn Milholm.

Seventh grade members are Frances Kiker, Lynn Larson, Diana Kay Bond, Davis Price, Kay Fain, Judy Bourland and Gloria Buchanan.

Sixth grade members are Carol Bourn, Wam Moore, Nancy Davis and Jim Whinnery.

Mrs. Zumawalt Talks To Sunny-Hill Club

The Sunny-Hill Home Demonstration Club met with Mrs. E. W. Miller last week. The group discussed the Christmas card fund during the business meeting.

Mrs. Hal Zumawalt was guest speaker. She spoke on her visit to the state convention.

Refreshments were served to Mrs. Zumawalt, Mrs. Harvey, Mrs. Rosie Miller, Mrs. Bertha Bowes, guests: Mrs. O. O. Henry, Mrs. R. O. Williams, Mrs. D. L. Allison, Mrs. T. L. Henry, and the hostess, members.

CONSERVATION IS WORTH DOING RIGHT

The conservation of your soil and water is too important to wait until you find out, by trial and error, the best things to do. You should get the best technical help available. You owe it to yourself, your community, and the nation to see that your land is conserved according to the best known scientific methods. Not only will it be better for the land—in the long run it will be more profitable for you.

Piano Pupils Have Recital

Piano pupils of Mrs. Herschel Coffee will be presented in recital at 3 p. m. Sunday in the Elementary School auditorium.

Appearing on the program will be Ethel Johnson, Sandra Kay Ellis, Mike Wilson, Richard Gardner, Phillip Huckaba, Tom Langston, Stephen Langston, Bobby Kay Parsons, Sherry Killingsworth, Holly Jo Troth, Judy Wilson, Pat Morgan, Mary Lou Johnson, Sidney Oldham, Nancy Bonds and Loretta Bonds.

Friends are invited to attend the recital.

For low cost farm buildings that are strong and weather-defiant, there's nothing like lumber. . . . When you're going to build, see us. We stock all the new West Coast lumber grades.

BURROW LUMBER CO.

Experiments Get New Hybrid Seed

A white-seeded sorghum hybrid showing a very favorable performance when compared with the other hybrids, has been developed by the Texas Agricultural Experiment Station and the U. S. Department of Agriculture. Seed will be available in limited quantity for the 1958 crop.

This new hybrid, RS 630, is the first white-seeded hybrid released by the Texas Agricultural Experiment Station. In 25 tests in nine states, it yielded 67 bushels per acre—higher than any of the other hybrids tested. It is a medium-early grain sorghum hybrid that matures in 90 to 100 days after planting. The head is well above the upper leaf and dries readily, thereby permitting harvesting soon after the grain is mature.

A recently released leaflet, L-362, gives detailed information on this new hybrid. It contains sections on parentage, yield record, production of certified seed and gives a complete description. This leaflet may be obtained from the Agricultural Information Office, College Station, Texas.

Palo Duro Mothers Have Breakfast Party

Members and guests of the Palo Duro Mother-in-Law Club were entertained with a "Come As You Are" breakfast recently in the home of Mrs. George Barker. The proceeds of the breakfast are to be donated to the Community Center.

Present were Mrs. Earl Burtz, Mrs. Leonard Winters, Mrs. Hugh Kelso, Mrs. Rae M. Walters, Mrs. J. P. Hammons, Mrs. P. L. Pitt, Mrs. Bill Money, Mrs. J. L. Hilgenfeld, Mrs. Fred Marshall, Mrs. E. E. Plank, Mrs. J. C. Bellah, Mrs. M. L. Sherrod, Mrs. Raymond Campbell and Mrs. Estelle Rice.

SOIL CONSERVATION DISTRICT NEWS

The supervisors of the Randall-Potter Soil Conservation District are proud to announce that they will now be able to be of more assistance to the farmers and ranchers in this area.

This opportunity was presented to the District Board at their last meeting. Present at that meeting were Luther Leslie, representing the Texas Association of Soil Conservation Districts, and A. C. Spencer, member of the Texas Conservation Board.

Spencer and Leslie presented the supervisors of the Randall-Potter Soil Conservation District with a check for \$14,520. This money is a state appropriation to soil conservation districts to be used for the operation of the district and to buy equipment needed in the district.

The equipment to be bought will be that which is needed but the type of equipment that farmers or ranchers cannot afford to own individually.

If you know of any such equipment that you think the Soil Conservation District should buy, and then make available to individuals on a rental basis, the supervisors would be glad to hear from you.

The supervisors of the Randall-Potter Soil Conservation District are J. W. Spencer, chairman, southwest of Canyon, C. V. Conatser, southeast of Canyon, Marshall Rockwell Jr., north of Canyon, Frank Begert, west of Canyon, and R. C. Sampson Jr., secretary, west of Bushland.

An election was held Oct. 1 at which time Marshall Rockwell Jr. was elected for a five year term, as supervisor in zone 4 of the Randall-Potter Soil Conservation District.

The program preceding the supervisors election was furnished by Jack Bonds of the Southwest Great Plains Experiment Station near Bushland. Bonds gave a very informative talk on stubble mulching and dry land farming.

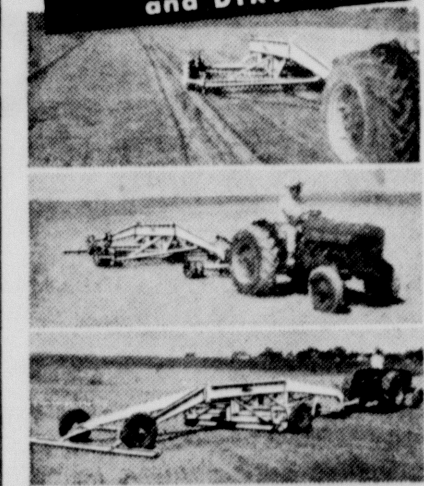

The supervisors of the Randall-Potter Soil Conservation District believe the old saying is true that "good men are always in demand." Soil Scientist Wilbur Tripp is resigning from the Soil Conservation Service to accept a position in the county agents office in Anadarko, Okla.

"We sure hate to see 'Doc' Tripp leave, but he goes with best wishes for his deserved success in life," said Spencer, chairman of the district supervisors.

Control Water by Moisture Management

Make Plans this FALL to do Important Smoothing and Grading

WITH AN **Eversman LAND LEVELER and DIRT MOVER**

The Above Machines Are The New Eversman Model 329

Eversman engineered fields mean more profits for farmers through greatly increased production per acre. Now the average farmer with his own tractor and at low cost can—

- 1 Shape fields by grading down high spots, filling in low areas and pot holes that gather water and drain out crops.
- 2 Build farm-over drainage ditches or grass water ways when needed to get excess rainfall off the land quickly.
- 3 Increase production on irrigated land. Smooth level surfaces free of pockets, dead furrows and back furrows result in great savings in labor and water with every foot of ground producing uniformly.
- 4 The Eversman with spring tooth attachment is also a complete TILLAGE TOOL which produces better seed beds at lower cost.

Come in today for full details.

There are 7 all purpose (mechanical or hydraulic) Eversman Models for all standard farm tractors . . . for Automatic Land Smoothing, Dirt Moving and Seed Bed Preparation.

See the **Eversman RUBBER MOUNTED FLOATING MITCH DITCHER**

The Eversman digs and cleans ditches up to 6' wide and 27" deep. The mechanical or hydraulic control. Operated by any standard farm tractor. Models for trail-behind or 3-point hitch operation. Come in today for full details.

MYERS FARM EQUIPMENT CO.

Fairview Breezes

This Sunday evening a light rain is falling.

G. E. Wesley has been suffering a lot since having his tooth chiseled out one day last week.

Mr. and Mrs. J. W. Wesley and Frank Rogers attended the football game Friday evening at Plainview. The game was between Plainview and Lubbock High School.

We were glad to welcome Mr. and Mrs. Hill Smith and boys, Hill Jr., Elmo, Billie, and Sammie, to church Sunday. They later visited with the J. W. Wesleys.

Brother and Mrs. Bill Hall visited Sunday in the Ralston Shipman home, the G. E. Wesley home and the J. W. Wesley home.

Mrs. Ella Hext, Faye Scott and Bill Williams, and Mr. and Mrs. J. W. Wesley played "88" in the Woodrow Wesley home Saturday evening.

Mrs. E. M. Wilson was hostess to the home demonstration club Friday afternoon with 19 members present. Each member discussed her favorite centerpiece. Plans were made for a Halloween party at the community center Saturday evening, Oct. 26. Everyone is requested to come in Halloween attire. Those failing to do so will be fined. The club will sell chili, crackers, gingerbread and drinks. All you can eat for 35 cents. Visitors are welcome.

Word has been received here that the Rev. and Mrs. Clifton Wesley and two daughters have dedicated their lives to missionary work. They plan to visit here about the first of November. An invitation has been extended to them to speak at the church and to show some slides of their work. They will be enroute to San Juan valley in California to work with the migrants. They ask us to pray for them.

Mr. and Mrs. Woodrow Wesley attended the ball game at Kress Friday evening. Kress and Happy tangled in a fine game.

EVEN
Scotty (hoping for free advice): "Doctor, what should I do for a sprained ankle?"
Doctor (also a Scot): "Limp!"

Junior High Loses Tulia Doubleheader

Canyon Junior High lost a double-header to Tulia Oct. 1, with both the seventh and eighth grades losing by one touchdown.

The seventh grade was headed by a score of 7-0 while the eighth grade lost 25-21 after leading 21-13 at the half. Gary Lee was the outstanding offensive player for Canyon in the seventh grade game.

In the eighth grade game, Jimmy Marrs ran for the first touchdown for Canyon in the first quarter and Dwayne Clay made the extra point. Still in the first quarter, Tulia made six points with Jerry Don Haight scoring.

Clay picked up another TD for Canyon and the extra point was good to give Canyon a 14-6 lead. Trying to catch up, Arthur Lee Jones made another Tulia score and the extra point was good. The score was 14-13 at the end of the first quarter.

In the second quarter, Marrs ran another touchdown for Canyon and Clay made the extra point for the final Canyon score.

Tulia added their third score in the third quarter, with Jerry Don Haight crossing the goal line. Canyon still led 21-19.

Max Swinburn picked up the

winning score for Tulia in the fourth quarter.

The two junior high teams played Muleshoe on Sept. 24 and won both. The seventh grade score was 7-0 and the eighth was 27-7.

WOULDN'T DARE

"I'm afraid the mountain air would disagree with me."
"My dear, it wouldn't dare."
